

The Oshkosh Area School District (OASD), in partnership with Oshkosh4Education (O4E), has embarked on a stakeholder-driven strategic planning process to develop the District's Strategic Plan 3.0.

You're invited! Oshkosh community members are invited to participate in 1-hour focus group sessions to discuss their vision of success for the District and the District's strengths and opportunities. Each session will be guided by the same questions. Community members are encouraged to select a date/time that is most convenient for them. If members of the community are unable to attend one of the sessions, an online survey will be available on the OASD website starting Monday, February 11, 2019.

Oshkosh Area School District Strategic Plan 3.0

COMMUNITY FOCUS GROUPS

(February 11 - 15, 2019)

Your Opinion Matters
